SPARKLING BLUE WATERS DEEP GREEN FORESTS

Silence broken only by birdsong. Breathe in the fresh island air and feel renewed, refreshed, revitalized, relaxed.

Welcome to the San Juan Islands! Just a scenic ferry ride or a short flight from the northwest Washington mainland lies a paradise for the adventurous in spirit, whether you yearn for the slow pace of "island time" or the excitement of new experiences.

Hiking. Biking. Sea kayaking. Whale and wildlife watching. Boating and birding. Plenty of time for leisurely, casual meals or fine dining...for exploring galleries and boutiques...for strolling beaches and charming villages...and for discovering the delights of history and art museums, farmers markets, parks and public lands.

With an average of 247 days with sunshine and about half the rainfall of the Seattle area, it's no wonder visitors are attracted to the Islands year round, and why we've received multiple honors including *Tripadvisor Travelers' Choice 2023 Best of the Best #7 and Travel + Leisure World's Best 2022 Awards #4 Top 15 Islands Continental U.S.*

Each of the three, main San Juan Islands has something special to offer. So breathe deeply... leave your cares behind and *come enjoy.*

LOVE IT LIKE A LOCAL

AS YOU EMBRACE island time, we invite you to "Love It Like a Local" and treat the San Juans with the same care and respect as you would your own backyard. Here are a few ways to preserve the qualities that make this place special, and enhance your own visit in the process.

BOOK EARLY. Ferries, accommodations, and tours can fill quickly.

CONSIDER LEAVING THE CAR BEHIND. Walk or bike onto the ferry and use options below to get around.

TREAD LIGHTLY. Stick to designated trails, campsites, and parking.

GIVE WILDLIFE SPACE. Don't disturb or feed wildlife on land or water.

BE CAREFUL WITH WATER AND FIRE. Be mindful of water use and keep campfires in rings.

MIND THE DOG. Keep pets on leash and pick up waste.

AVOID MID-DAY CROWDS. Visit popular trails and attractions early or late for the best experience.

BE A GOOD NEIGHBOR. Be patient, share the road with bicyclists, and keep speed and noise down.
